**Subject:** FYI: Agenda for October 23-24 NAS CMD Committee meeting  
**Attachments:** a-CMD Meeting 2 - Guest Agenda 2017-09-25.doc

NOTE:

I plan to attend both days. I know all the speakers...should be good/informative sessions.

My topic (1hr) is "**EPA Position on OB/OD and Alternative Technologies**"!! [not sure what I can say beyond what I said last time, except perhaps to explain in different words and more detail our efforts, our concerns, and the complexities of the path forward].

After me on the agenda are Jane Williams (Calif) and Frances Kelly (Camp Minden) regarding the Cease Fire Campaign's position (same topic as mine).

Also on the agenda are four presentations on alternative technologies: Harley Heaton on the Dynasafe detonation chamber; water-jet cutting (KMT Waterjet); Bob Hayes on El Dorado's numerous technologies (e.g., the Camp Minden controlled contained burn system); and Valentine Nzengung on his MuniRem chemical neutralization system.
